A practical step stool that helps you reach those difficult to get to places.

Description

A practical step stool that helps you reach those difficult to get to places.

Equipped with wheels that will roll easily along hard floors and most commercial carpets. The Kickstool can be moved by a simple push of the foot.

It can be used for either standing or sitting on. When weight is put on it, the castors retract so that the step sits firmly and safely on the floor.

The bottom contact surface is a solid rubber strip that holds the step in place when in use.

Strong and durable. Dent, rust and scratch proof.

Easy to assemble.
